Subject: Microsoft Settlement

Hello,

I am writing today to voice my disapproval of the proposed settlement in the Microsoft Antitrust trial. I see little if anything in this settlement that will stop Microsoft from further extending its operating system, office suite and web browser monopolies into other areas of computing. Further, I feel that the proposed three person committee is highly unlikely to have any control over a company with the blatant disrespect for the legal system Microsoft has shown. Thank you for your time.
